

SCHOOL IN THE PARK EVALUATION

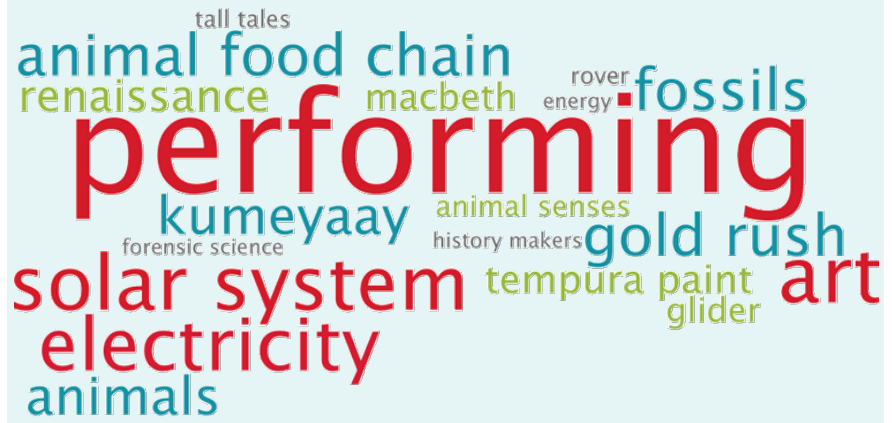

Highlighted Findings

For the 2014/15 school year, Vital Research conducted an evaluation of the School in the Park Program at Rosa Parks Elementary. Researchers observed the program, surveyed students and parents, and interviewed students, teachers, and staff.

SITP benefits students by...

SITP students will never forget...

"They start thinking about themselves and the possibility of being a scientist, the possibility of being an artist. I hear that. I hear them talking, and it makes for such a great change."

- A Rosa Parks Teacher

98% parents say children like going to SITP
